

The innovative, multipurpose swimming pool enclosure

A swimming pool is always a substantial financial commitment, and most pool owners only get 1/3 of the possible use out of their investment. The pool sits idle most of the year when it could remain open and enjoyed with a pool dome enclosure – especially in late Autumn and early Spring.

So why not benefit from your swimming pool in all seasons with a tailor-made dome from Iconic Bubbles, an innovative concept and effective solution for all year round swimming, controlled pool access and outdoor entertaining in a warm and relaxing atmosphere.

Helps to keep the water clean and warm whilst greatly reducing maintenance and energy costs and providing a sheltered, weatherproof space to enjoy your pool or outdoor entertaining space come wind, rain or shine.

Working in a similar way to a greenhouse, the domes trap heat to create a tropical micro-climate whilst improving your thermal efficacy.

The multipurpose swimming pool enclosures are handmade specifically for each client in custom shapes/sizes and can be used for any of your sheltered outdoor requirements including events, yoga studios and so much more.

**Tailor-made for you**

The perfect backyard, all-weather getaway

# FEATURES

## HIGHEST QUALITY DESIGN

Each dome is handmade in France through high frequency soldering and is powered by a top-of-the-range, low-consumption Spanish engine which keeps the dome pressurised constantly.

## SAFE & SECURE

Not only does the dome cover your pool, but the door is also lockable - give yourself peace of mind knowing you can have complete control over your pool access and protect your family (NFP 90-309)

## PROVIDES UV PROTECTION

Installing a dome can have multiple benefits including peace of mind knowing your family & guests are protected from the sun's harmful UV rays thanks to a transparent coating with a UV protection filter.

# FEATURES

## QUALITY GUARANTEE

In the unlikely event that there is a problem with your dome or engine, it makes all the difference in the world to know you'll get help quickly thanks to a 3 year guarantee on the weldings of the domes and a 2 year guarantee on the engine.

## TOTAL CLEAN PROMISE

Keep your swimming pool and entertaining space sheltered and clean all year round. Thanks to the domes constant circulating airflow - condensation, humidity and chlorine odours won't be a problem any longer.

## SAVE TIME & MONEY

Reduce your cleaning & maintenance costs almost completely by eliminating time-consuming cleaning and checks. The engine used to run the dome is energy efficient, using the same amount of electricity to keep just one, single light bulb powered.

# WARM & WEATHERPROOF

The domes are powered by a low consumption engine which keeps the dome pressurized constantly. The engine uses roughly the same amount of energy as keeping an energy-efficient lightbulb running.

# Sun protection

Protect your family from dangerous UV rays
